

Newgate Clocks

NEWGATE

British company Newgate Clocks are famous the world over for their iconic clocks owned, loved and collected by people who appreciate individuality, design and style.

A Newgate Clock forms the ticking heart of a room, a nostalgic and familiar apparatus with purpose and star quality. Our clocks help us navigate our way through life with a certainty and charm.

To see the full collection browse online and at your favourite store where you will find the latest alarm clocks, travel alarm clocks, desk clocks, mantel clocks and wall clocks.

About Your New Clock

We hope you enjoy your new clock as much as we did making it for you, and to ensure your time together is productive and trouble free please make a note of our care advice and instructions;

1. Move the hands to the correct time using the adjustment wheel on the back of the clock mechanism.
2. Insert 1 x AA/LR6 battery (not included), as illustrated. We recommend the use of top condition, branded, alkaline batteries. Old or poor quality batteries may cause your clock to lose time / stop.
3. Where a clock is to be wall mounted, please ensure an adequate wall fixing is used to hang your clock, taking into account the type of wall and weight of the clock.

Care and Caution

Please keep your Newgate Clock out of direct sunlight as the dial and case may fade, and when you come to clean your Newgate Clock please use a soft dry cloth as the use of liquids and cleaning agents may damage the finish.

Guarantee

Unless otherwise stated by the retailer, your clock is guaranteed for 12 months from the date of purchase. Our guarantee is applicable to the operation of the clock and does not cover damage, tampering or battery leakage.

If in the unlikely event your clock proves defective and you need to claim against this guarantee, please contact the retailer where you purchased the clock and provide this guarantee and proof of purchase.
